## EXPERIENCE

**2025** → Current

### BA, Computer Science

Widener University (Chester, PA)

- Currently studying Computer Science.

**2025** → 2026

Leadership

### Computer Science Tutor

Widener University (Chester, PA)

- Tutored computer science coursework across the 2025–2026 school year.
- Helped students debug, understand core concepts, and build confidence.

**Spring 2026**

Leadership

### Representative

Computer Science Club / Student Government Association

- Served as CS Club representative within student government.
- Advocated for CS students and coordinated between orgs.

**Jun 2024** → Jul 2024

### Sales Associate

Cramers Uniforms (Philadelphia, PA)

- Delivered exceptional customer service in a fast-paced retail environment.
- Oversaw inventory management: accurate stock levels and timely restocking.
- Operated and maintained POS systems; resolved payment issues promptly.

**Jan 2022** → Jun 2022

### IT Help Desk Intern

String Theory Schools (Philadelphia, PA)

- Engineered internal tools (custom Chrome extensions) to automate routine staff workflows.
- Provided hands-on support for student-issued iPads; diagnosed and resolved software issues.
- Used internal systems to remotely manage, reset, and troubleshoot student devices.

**Jan 2021** → Dec 2021

Leadership

### Software Engineer / Lead Developer

Freelance (Philadelphia, PA)

- Collaborated with a client to architect and develop scripts for managing cryptocurrency assets.
- Quickly adapted to new languages/frameworks to deliver scalable, maintainable code.
